Our Donation Guidelines:

So that we may best serve our communities, we kindly request that all requests for donation meet the following core criteria:

- Your request for donation must be received at least four weeks (4) prior to the event date.
- We strive towards giving in the communities where our employees, fans and partners live and work such as the Treasure Valley area and surrounding regions.
- An organization is eligible to request and receive one (1) donation per calendar year.
- Donations to schools can be made on a case-by-case basis, when fundraising for other non-profit organizations.
- Donations are generally considered for a specific cause, not a specific individual.
- Block22, LLC. and Idaho Sports Properties reserve the right to approve or deny donation requests regardless of past giving.
- Requests for all donations must include the organization's 501(c)(3) tax determination letter and/or an established tax ID number.
- Submit your donation request using the ['Request Donation'](#) link on the website.

Receiving Approval or Denial Requests & Correspondence:

- Effective July 31, 2016 our organizations will no longer accept mailed in requests. All requests must be made via the online donation request form.
- We review all requests on a regularly scheduled basis and work to ensure that your organization receives a timely notification as to the status of your request.
- Submitting an online request does not guarantee that your organization will receive a donation.
- Upon review of your organization's request, the contact email address listed on file will receive an electronic approval or denial. You may also check the real time status of your donation request online by accessing your donation request [here](#). Please, no phone calls.

Thank you for submitting your request and for your continued support of The Grove Hotel and Idaho Steelheads.
